About

I'm Pritesh Vasoya, I am a dedicated and detail-oriented Manual Tester with a strong interest in software quality and real-world testing.

Strong understanding of testing fundamentals, SDLC/STLC, bug reporting, bug life cycle, test scenarios and test case documentation. I enjoy finding issues, improving user experience, and ensuring product quality.

Creatively active as a:

- Writer & Shayar (Instagram & personal diary)
- Lyricist & Music Composer (I compose melodies)

CGPA doesn't define me. My work is powered by clarity, creativity, and consistency — and that's what helps me grow every day.

I am currently looking for an entry-level opportunity as a Manual Tester / QA Fresher where I can contribute my skills, gain industry exposure, and build a strong career in software testing.

Let's connect & create success.
